Oktoberfest is Coming!!!

October 6, 2005

6:00 p.m. Reception and Social Hour

7:00 p.m. Dinner

8:00 p.m. Entertainment

October 6th marks the date for our Second Annual Oktoberfest Party. Over 70 members and guests attended last year's very successful outing. We have carefully reviewed the input from members on how to make this year's event even more enjoyable.

New Restaurant-Even better Food!

This year, we will be at the Schnitzel Platz. Roger Carpenter and Len Thielen have checked this out and say we will be very happy with the food. We guarantee you will not go away hungry. We will be served a Deutsche Haus Platte (German Platter) which will include pan fried breaded pork, Schnitzel, Frikadelli (German chopped steak) 3 assorted sausages (veal brat, smoked thuringer, Pfalzer) German home fries, red cabbage and sauerkraut, and lentil soup.

Free Drinks

The first ½ liter of beer (genuine Oktoberfest Bier brewed in Germany-no Miller Lite) or your choice of free wine, cocktail or soft drink will be included in the cost. All additional drinks will be Cash Bar.

Attire

Casual attire is appropriate, but it is perfectly acceptable to wear traditional German costume if you are so inclined.

Convenient Location

729 E. North Ave, Glendale Heights, IL 60139
Located on North Avenue, less than a mile west of I-355 before Glen Ellyn Road/Main Street. Plenty of parking available.

What is the cost?

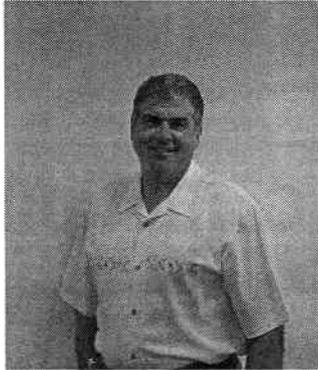

Only \$25 per person for great food, entertainment, and drinks, and the opportunity to visit with old friends.

We think that we will have room to accommodate all members who wish to attend this event. However we encourage you to make your reservation at once if you plan to participate. Based on the large crowd at last year's Oktoberfest, the improvements we made this year and the talk of even more members planning to attend, it would be very wise to reserve your place as soon as possible.

Please complete the registration form included with this issue.

Responses must be received by September 20th.

ALBERTSONS DRUG DIVISION UPDATE

Gary Hunstiger

Our thanks to Gary Hunstiger, who continues to provide us with an update on what's happening at Albertsons/Osco/Sav-on. Gary is head of the Central Region Drug Division.

2005 is off to a very busy start for the Drug stores. Overall sales trends have strengthened, in particular in Pharmacy as we cycle the 90 day mail order impact from last year. During the quarter we invested heavily in the training of our General Managers, hence forth referred to as Store Directors. While all of this out-of-store training could have taken our focus off of traditional store elements, I'm happy to report that earnings in Central were right on target and our Customer Satisfaction levels held steady with the 4th quarter.

We replaced all of our old Kronos timekeeping units at store level with a new system called VLM (Virtual Labor Management). The new system makes payroll at store level extremely easy to calculate and provides a number of enhancements such as tracking payroll dollars. Reporting is extremely accurate right down to the hour.

Technology has landed in the receiving department with the rollout of DSD (Direct Store Delivery) receiving. All DSD deliveries are keyed into the computer and invoices are paid electronically. The stores see their inventory and shrink levels daily! So much for "floating" our inventories at store level like many of you used to do! Inventory preparation is now completed with a few key strokes instead of hours or days of paperwork.

A new payroll system (People Soft) has replaced our old outdated payroll system. In the not too distant future VLM and People Soft applications will talk to one another eliminating paperwork like the old D-800's. All associates can now sign up for direct deposit of their weekly payroll check.

My Information On-Line "MIO" was rolled out to all associates. This internet-based web page allows associates the ability to check their payroll history, print pay stubs, make appraisal notes and check benefits. MIO can be accessed from the store or from home!

As you might have guessed these technology rollouts have all been improved upon based on field utilization and input. Now our challenge will be to learn and leverage all of our new tools.

This year's Store Directors Communications meeting was held in Schaumburg, IL. The theme of this year's meeting was "Winning at Retail" and tied in nicely with all of our technology rollouts. Having the meeting in the Chicago area gave us the opportunity to invite the management teams that support the stores from Melrose Park, Franklin Park and Elk Grove. It was great to have them join us. For the first time ever the general business session was held with the Store Directors and the Pharmacy Managers sitting side by side. Everyone received the message in the same manner. This year's Drug Division Excellence award winners were Jim Meador, Susan Filo, Sharon Goger, Sandy Stark, Stan Fear, Tom Rousonelos, Diann West, Cheryl Sacek, Mike Cihlar, Betty Soller, Rich Eberhardt, Doug Statler and Dharmesh Patel. The Mentor award winners were Harley McDowell, Lore Page, Al Pineda, Ken Benson and Janet Redmond.

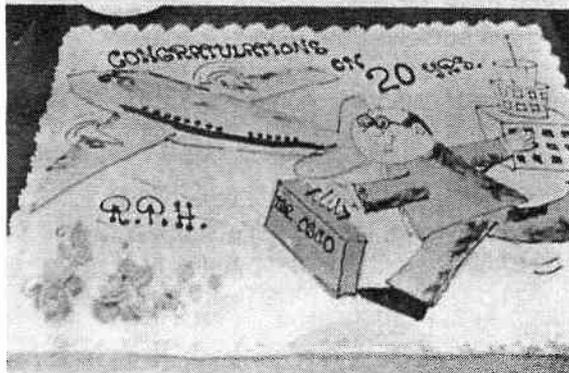

Ken Walker and Brent Keil have recently joined the retirement ranks! Rich Braley retired in January and Steve Hankel retired in June. Their accomplishments are greatly appreciated and they will all be missed. This does offer a recruiting opportunity for the Alumni group!

Until next time,

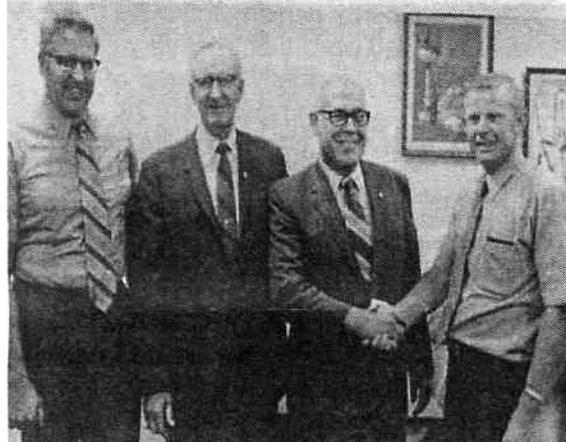

Gary

MR. OSCO CELEBRATES 20 YEARS!

Who is Mr. Osco? None other than Fred Dearborn. Would you say there's a resemblance?

Among the many well-wishers were:

JACK EDWARDS, (l.) Turn-Style Vice President, GEORGE HILDEN (2nd from l.), & TORK FUGLESTAD (r.) shaking FRED DEARBORN'S hand.

Helping Fred lift those cakes are DICK CLINE (l.) and DICK HILDEN.

See you for a repeat in 1990, Mr. Osco!

"Mr. Osco", Fred Dearborn ... 35

years ago, the *Osco News* featured Fred Dearborn's 20th Anniversary with Osco. We asked Fred to comment on his career and to give us an update on what he and Marty are doing. And now some "Ramblings from an Old Codger":

In the 1930's our founders Paul Stratton, George Hilden and L.L. Skaggs opened their first store in Rochester, Minnesota. Doc Elliott was manager. It was called "Payless Self Service Drug Store." The Minn. Board of Pharmacy would not permit this logo. Soon George Hilden put together a buying conglomerate so we could purchase merchandise at quantity prices. That group was called Owners Service Company, hence the name Osco.

In the 50's this founding trio established Osco Profit Sharing. What a wonder plan! Without it, yours truly might still be working.

Osco Drug was the best thing that happened to Fred Dearborn. After one year (1950) as chief hospital pharmacist and instructor for such terrific graduates as Ron Haas, Lou Frantzen and others, I was lured away from my \$3750 a year job by Stan King to begin a career with Osco as a pharmacist in Boone, IA at \$85 a week.

About six months later I was promoted to assistant manager at the same salary but without PM's. That was the era of Hadacol Tonic, which sold by the gross, probably because of the high alcohol content. Soon after, I was promoted to asst. mgr at Mason City, IA under the leadership of Burr Goodnow. Ike Curry and Bill Lewis taught me all about merchandising. "Stack 'em high and sell them low."

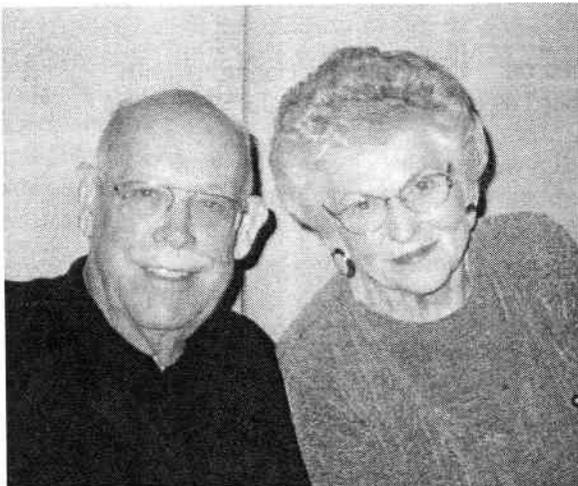

Osco opened our 14th store in Ft. Dodge, IA with Gene Hubbard as the manager and Jack Skyles as lobby mgr. About a year later, I was manager at Boone. \$50 a week salary and 18% of profits! Income that year was about \$14,000. Ron Haas was asst manager, Ernie Sawyer lobby manager and Jack O'Connell worked summers while attending the College of Pharmacy at Creighton in Omaha. Jack Skyles and I were promoted to Osco in Ottumwa, IA at the same time. After a year or so Jack was promoted to Springfield, IL as manager. Jack moved up the ladder rapidly and in a short time was President of Osco-City Division. His replacement was Bill Lewis- WOW! What a promoter. Later he was chief architect and President of Turn*style and later was President for a short time.

More from Fred ...

Osco Drug, Ottumwa was opened in 1937. Sales never exceeded \$7000 a week in this 20 x 100 ft. store. With the ingenuity and hard work of both Jack Skyles and Bill Lewis, sales exceeded one million dollars a year in the 2000 sq. ft. store. Later, I was privileged to be DM of Iowa and worked with such terrific managers as Ron Backlin, Bill Lewis, "Vass" Vascellos, Lou Frantzen, Gene Hubbard, Harold Wielan, Jack O'Connell and Bob Spain. Then on to Chicago as V.P. Operations working with Max Hardin, President George Hilden, Dick Hilden, Bill King, Ken Reardon, Roy Curtis, Craig Allen, Betty Ballew, (later Betty Allen), Carl Stanley, Joe Saul, John Street, all the store managers and their associates, and many others. I had the greatest job in the world working with all these talented, dedicated, hard working people whobuilt the foundation for this great company.

The next generation of gatekeepers included a very talented, conscientious, highly motivated group. Some of the people that come to mind were: Dave Maher, Dick Davis, Dick George, Dick Cline, Tork Fuglestad, Kevin Tripp, Bill Jacobs, John Spurlock, Jack O'Connell, Ken Walker, Wanda White, Paul Hitzleberger, Ron Green, Len Thielen, Jim Johnson, Wayne Davis, Terry Hanson, Dave Edwards, Dave Gillis and the list goes on. All under the leadership of the wonderful and outstanding President, Wes Christopherson.

Now, it's up to the present generation to preserve this great heritage.

Picture taken in September of 2004 while in Oklahoma to see their latest great grandson.

Marty and I moved to Little Rock in 1971. I retired from Osco in 1984. Marty is 80 and still beautiful and in good health. I'm 85, still bald, and in good health. We both have pacemakers- mine has a defibulator. We call ourselves the Bionic Couple.

We celebrated our 61st Wedding Anniversary. We're both happy and very much in love. Marty's motto for success is that it takes two good appreciators and two good forgivers. Even though we did work hard and long, we were blessed with 2 girls and 4 boys. All are well and happy. Many of you know John and Dan as they have built or remodeled many Osco Drug Stores.

As we grow older, many of our friends have passed on. The latest was Bob McCants, manager of Kewanee, Il. What a wonderful person, and great merchant. We also received word that Virginia Drumm, wife of Fred Drumm, formerly manager of the Osco in Boon in the 70's passed away May 28, 2005. A lovely person, mother of two, and quite an artist.

We thank Stan Carlson and his staff for keeping the publications "**Connections**" vibrant and exciting. We also want to thank Tork who in 1991 was the driving force behind the creation of the Alumni Club and Connections. Let's all continue sending our news contribution to Stan.

Please mark your calendars for March 17, 2020 and come to Little Rock to celebrate my 100th birthday. We love you all. May God bless you and keep you safe in his every loving arms.

Sincerely,
Marty and Fred Dearborn

Editors Note: For those of us who had the privilege on knowing Fred, I'm sure his comments brought back many fond memories. If you didn't know him, I'm sure his words give you an idea of what a wonderful and caring person he was. He truly deserves the title of "Mr. Osco".

April 21, 2005 Breakfast

The following commentary was missing from our May issue:

50/ 50 Raffle:

Jim Shepeck won the first prize of \$60. **Lillian McGill** and **Betty Maslauskas** won the \$30 second prize and **Larry Bejnarowicz** was the third place winner of \$16.

Brent Keil (Scottsdale) will be retiring in June after 40 years with the company. Congratulations, Brent!

John Fields celebrated his 68th birthday on April 21st. We all sang Happy Birthday to John who continues to serve as treasurer of the Alumni Club.

Donna Lorentzen from Las Vegas and **Gerry Pearsall** from New Hampshire were in town and able to attend the Breakfast. They qualify for traveling the longest distance to attend!

Roger Carpenter introduced our newest board members, **Len Thielen** and **Diane Heater**. Len has agreed to serve as Hospitality Chairman, and is already busy planning Oktoberfest 2005. Diane will be contributing to the articles in **CONNECTIONS**.

Welcome New Members!!! 😊

We'd like to take this opportunity to welcome the following new members to the Osco/Sav-on Alumni Club:

Wayne Davis
Brent Keil
Vicki Pasalich

If you know of any former associates who might be interested in joining, please have them contact one of the Directors or send an email to oscosavonalumni@albertsons.com.

Where are they now? ? ?

We encourage members to give us news on their activities in retirement or in their post "Osco/Sav-on" careers. Our members are anxious to hear what others are doing. Use the return sheet included or email us at oscosavonalumni@albertsons.com. Thanks to everyone who contributed to this issue.

In the past 7 years, due to relocations, buyouts, and other factors, many former Osco/Sav-on employees have continued to be in the workplace, but working for other companies. RiteAid and the Factory Card Outlet are two companies with a large number of former Osco employees. We asked **Gary Rada**, **John Kromer** (Factory Card Outlet) and **Mark Panzer** (RiteAid) for an update on the Osco/Sav-on alumni currently working for their companies.

New retiree, **Ken Walker**, writes ...

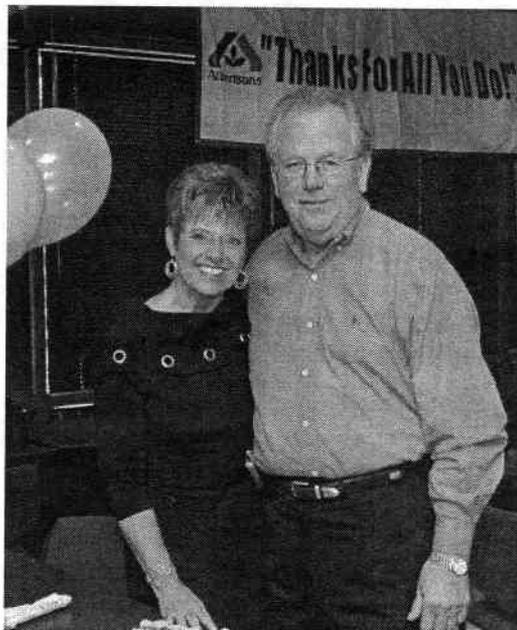

After 31.5 years Julie Ann and I decided that it was time to retire from Albertsons/Osco/Sav-on and a plethora of other labels that we have assumed over the years, but in our hearts we will always be Osco alumni. We both have had one incredible ride since we first met Dan Baranick (manager) sweeping the sidewalk of store 833 Minot in September of 1973. Little did we realize that day that there would be 11 moves and many more positions to follow.

The thing that we place the greatest value on is the friends that we have made over the years, with many of those friendships that will endure for a lifetime. The personal experiences, as well as the work experiences like most of us in retail, could make a pretty exciting book if we ever took the time to write it all down (and could remember some of the details).

Many of you know my interest in photography which was elevated by Tork Fuglestad to new

levels in the late 70's. Over the past few years I have been quite involved in Digital Photography and decided to make that passion a part of my early retirement years. Upon retiring, I joined a young company, based in Galway, Ireland, who are developing software and hardware applications for retail stores around the world. Our objective is to grow the company and take it public in the next few years. So far I am finding this a lot less stressful than golf, but still enjoy that as well. Julie Ann and I are remaining in our home in Scottsdale, AZ where the new company has set up their U.S. Headquarters. The new office is only about 5 minutes away from our Drug Division office so we still plan on seeing many of our friends often. My contact information is below. and if anyone is in the area please stop in and say hi. I look forward to being a part of the Alumni Association for many years to come.

Where are They continued ...

Gerry Pearsall, who held positions in Human Resources and in Marketing at Crest/Alves, 1818 and in SLC is a Business Analyst at Fidelity Investments in New Hampshire and is working on Human Resources and Payroll implementations for global clients. Gerry writes "I was glad to attend the Alumni Club Spring Breakfast Meeting this past April while I was in the Chicago area. It was great to see everyone after such a long time and catch-up with everyone. The business update provided at the meeting was also very interesting."

IN MEMORIAM

We recently learned of the passing of the following Alumni members.

Florien Nixon died February 25th of this year in Kansas City, MO.

Bob McCants, 80, of Las Vegas, died May 26, 2005. He was a drug store manager and served in the U.S. Navy during the Korean War. He is survived by his sons, Tim of Coal City, Ill. and Tom of Las Vegas; and daughters, Joyce Taylor of Torrance, Calif., and Janet Whitmore of Las Vegas.

Chuck Haeffner received a call from Janet McCants telling him that her father, Bob McCants, died while shopping in Las Vegas. Apparently he locked his keys in his car and went around the car to check on the other doors. He stepped off a 10 foot wall. He was conscious all of the time, but crushed his pelvis and an embolism took his life. Bob was the Manager of #24 in Marion, Indiana for many years and retired out of Kewanee, Illinois. If you know Bob and want to contact his family, Tom McCants lives in Las Vegas. (702) 257-0094.

Chuck added, "I had 4 great years with this man in Marion and would stop and see him every year in Las Vegas. He will be missed."

Additional information on the passing of Joyce Hilden:

From the Fargo Forum, April 13, 2005: "Joyce Margaret (Gundvaldsen) Hilden, 78, most recently of Winterset, Iowa, died Friday, April 8, 2005 at her residence and her children were honored to be present. No services are planned and her remains will be placed next to her husband." Joyce was preceded in death by her husband, Dick Hilden, who passed away on February 11, 2003.

"Roving reporter", **Gerry Pearsall** provided the following update:

Osco returns to New England

This past spring, Shaw's Supermarkets introduced 'Osco Pharmacy' to their grocery stores, marking Osco's return to the New England market after a three year absence. In 2002, the New England Osco stores were sold to Brook's Pharmacy. Albertsons acquired the Shaw's Supermarket chain in April 2004. Shaw's consists of over 200 stores in Massachusetts, Maine, New Hampshire, Vermont, Connecticut & Rhode Island and another 22 stores under the Star Market banner. Star Market, owned by Jewel Companies since 1963 was divested by American Stores in 1992. The re-introduction of the 'Osco' pharmacy to this region of the country provides the awareness to customers that their pharmacy is part of a network with nearly 2,000 locations across the country and is one of America's most respected pharmacies.

Industry Facts: Food/Drug store counts 2005 (\$000,000)

CVS (5,375 stores); \$21,500
 Walgreens (4,582 stores); \$23,700
 Rite Aid (3,356 stores); \$10,600
 Kroger (2,532 stores); \$6,100
 Albertsons (2,510 stores); \$7,600
 Brooks (1,910 stores); \$6,800
 Safeway (1,802 stores); \$2,820
 Ahold (1,046 stores); \$3,900
 Publix (851 stores); \$930
 Longs (472 stores); \$2,170
 Duane Reed (255 stores); \$816

FROM: ROGER CARPENTER
SUBJECT: QUESTIONNAIRE ON CLUB FUNCTIONS

Following is a brief questionnaire designed to provide input to your Board of Directors regarding social activities and/or meetings. Please take a few minutes to complete this survey and return it to our Alumni Club for tabulation.

What percentage of the Club's social functions and meetings have you attended over the past 2-3 years:

- close to 100% _____
- approx. 75% _____
- maybe 50% _____
- very few - maybe 25% _____ Why? _____

We strive to hold functions at various times of the day to enhance attendance (given that some activities are inflexible as to timing). What is your preference:

- AM meetings - i.e. breakfast buffet _____
- Noon functions with lunch _____
- Evening sessions with dinner _____
- No preference or some of each are fine _____

MEETING CONTENT: Most of our functions could be broadly classified into one of the three following categories. What do you prefer:

- Informational meetings with a guest speaker (i.e. health topics, financial matters, etc.) _____
- Osco/Sav-on/Albertsons business update with executive _____
- Purely social functions such as holiday parties & Oktoberfest _____
- A blend of each like we have done in recent years _____

It has been our goal to minimize the expense of our functions, however, that limits the alternatives in selecting certain menus, entertainment or locations. Would you prefer to maintain the approximate cost per function that we have had or favor more elaborate parties at slightly higher cost per attendee:

- Keep costs at current levels _____
- OK to charge more for something special _____
- Other comments _____

During the prior 3-4 years we have been holding a meeting each spring and a more elaborate Holiday Party or Oktoberfest toward the end of the year. Do you have a preference on frequency:

- Twice per year is enough _____
- One big event would be fine _____
- I would attend 3 functions per year _____
- Comments _____

If you have additional suggestions or input that would help us in planning Alumni Club events, please add your comments. We are always eager to consider new ideas that will enhance attendance. Thank you for your participation. Please return your survey to:

Looking "over their shoulders" are GEORGE ZENGER and JIM DAVIS Transportation Manager. Their main concern is serving you and making sure that the center's 8,320 store deliveries this year get to the - "Right Place at the Right Time."

Approximately 1,655,000 cases, or more than 20,000,000 lbs. of merchandise will pass over this Distribution Center's conveyer system where we find (right foreground) LESTER LOCKETT (Order Processor) VI BILSON, BEATRICE SPITLER, and JIM DURAY diligently checking to insure each store will receive exactly what they ordered.
